VALOR technical specifications

Valor
Monitor Arm

The Valor monitor arm is the ideal ergonomic and space saving desk mount for any office environment. It's simple design and dynamic functionality seamlessly enhances workspace and productivity.

The single arm carries a weight rating of up to 9kg and is easily adjustable, with a tension indicator built into the slim arm profile. The integrated 180° rotation stop automatically prevents collisions with walls or desk partitions/screens.

Valor has a travel range of 260mm, from lowest to highest point, for optimum monitor height. The viewing angle can also be achieved with an 80° tilt and a pan of 180°.

Backed by a comprehensive 10-year warranty.

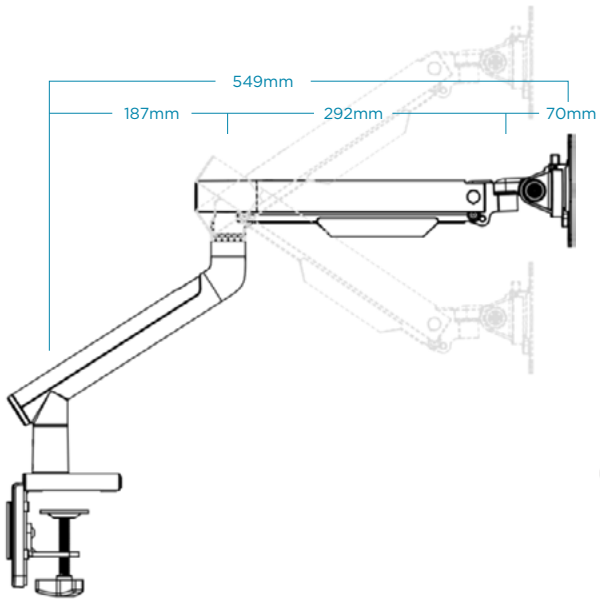

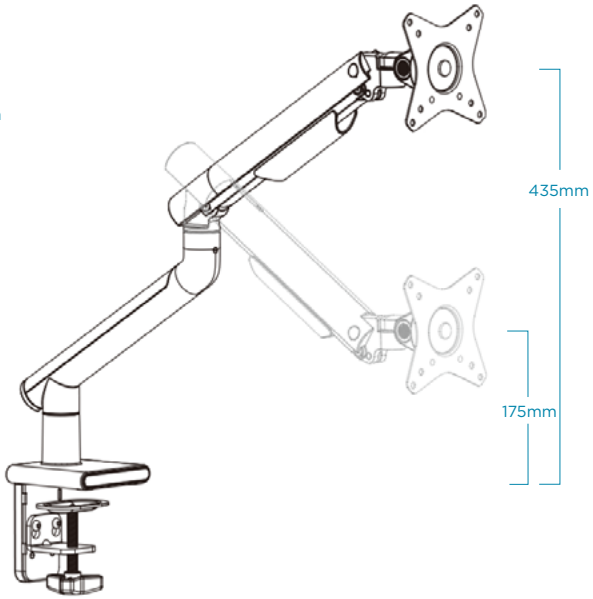

Product Type	Versatile, cost-effective dynamic monitor arm
Weight Capacity	2 - 9kgs
Mounting	Desk clamp and bolt through fittings included
Cable Management	Integrated cable management above and below included
Features	Max reach 549mm, max height 435mm to centre of screen, 380° Tilt and Pivot, Tension Indicator, Tool Storage, Fast Install Time

Valor HD
Monitor Arm

The next generation of Valor is here! The new Valor HD monitor arm offer support for virtually any sized monitor, weight anywhere from 2 - 20kg. The optimised head design ensures smooth-adjustment and and a solid, non-droop fixing. Mostly assembled out of the box, the Valor HD can be assembled in mere minutes with minimal tools required.

The streamline top clamp allows for installation without the need to crawl under a worktop, and helps avoid underdesk wiring already in place.

Elevar - Raising the Standard

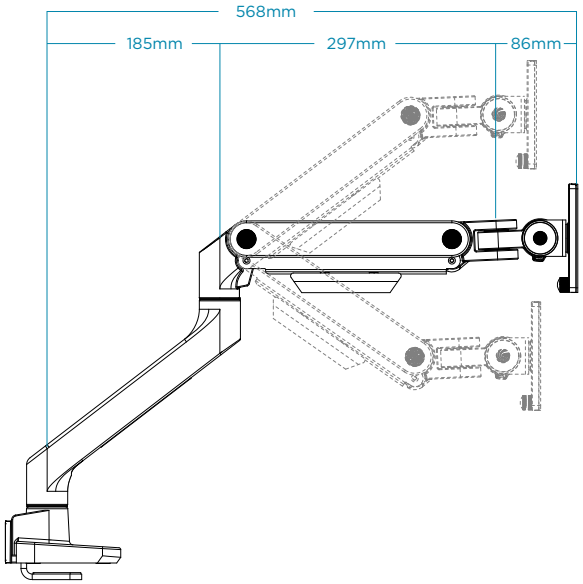

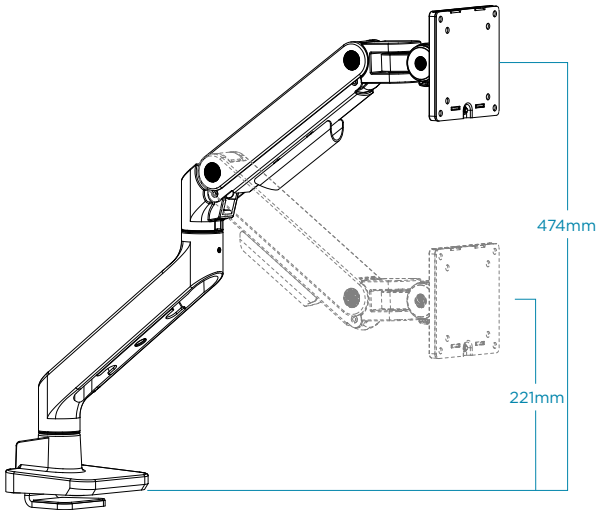

Product Type	Heavy Duty Monitor Arm
Weight Capacity	2 - 20kg flat screen | 16kg curved monitors
Mounting	Streamline top clamp | Bolt through grommet kit included
Cable Management	Cable management on both sections and at back of arm
Features	Max reach 568mm, max height 474mm to centre of screen, 70° tilt, 90° pivot, tension indicator, spring tensioned HD head, very fast install time
Rotation Stop	180° lock and 360° swivel options
Quick Release	Lockable quick release Vesa plate, 75mm and 100mm portrait and landscape options
Finish	Black, White
Warranty	10 Years

Valor HD Dual Crossbar
Monitor Arm

The next generation of Valor is here! The new Valor HD dual crossbar monitor arm offer support for two monitors up to 32" in size and 9kg each in weight. The optimised head design and handle ensures smooth-adjustment and and a solid, nondroop fixing.

The crossbar solves problems other dual arms have, such as monitor alignment and distance from user. Mostly assembled out of the box, the Valor HD Dual can be assembled in mere minutes with minimal tools required.

The streamline top clamp allows for installation without the need to crawl under a worktop, and helps avoid underdesk wiring already in place.

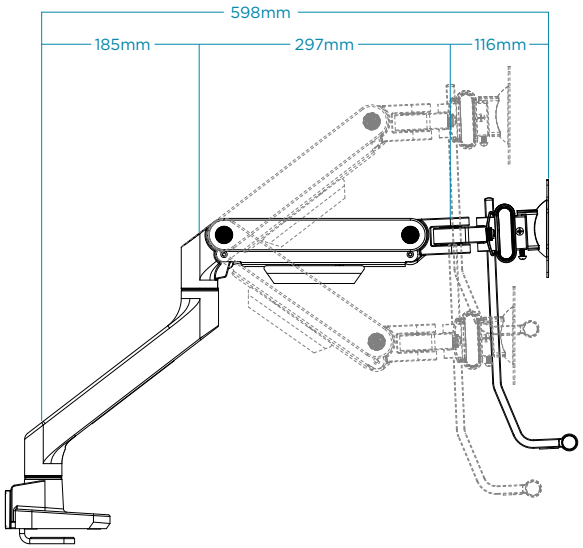

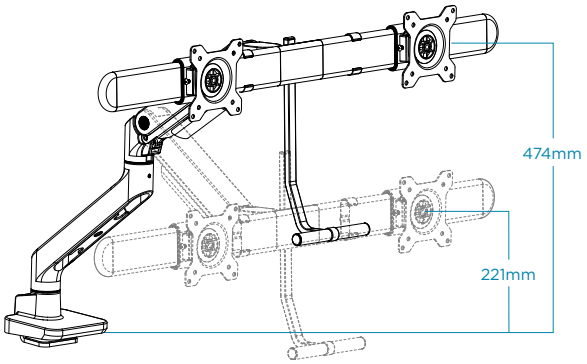

Product Type	Heavy Duty Dual Monitor Arm
Weight Capacity	1 - 9kg flat screen | 7.5kg max for curved monitors
Mounting	Streamline top clamp | Bolt through grommet kit included
Cable Management	Cable management on both sections and at back of arm
Features	Max reach 554mm, max height 474mm to centre of screen, 20° tilt, 20° pivot, tension indicator, spring tensioned HD head, very fast install time
Rotation Stop	180° lock and 360° swivel options
Quick Release	Lockable quick release Vesa plate, 75mm and 100mm portrait and landscape options
Finish	Black, White
Warranty	10 Years
