Locker Lock

Model:
SW1-703-30b

- Pincode or Mifare Swipe Card operation to open, close door to automatically lock.

- RFID compatible with Mifare Classic 1K 13.56MHz user cards (not supplied).
- Management / override card (Mifare Classic) included.

- Touch pad button design – pin-code can consist of between 4 and 15 digits, enabling billions of combinations.
- Pin-code can be set and changed by the user, with the code being memorised in the event of a power loss.
- Reprogrammable master pin-code available.
- Allocated (private) or non allocated (public) modes available (set via a reset button at rear of unit).

- 4 x included AA Batteries last 5000 openings (up to 3 years with typical opening 3 times per day).
- In the event of a battery failure, the USB Port can be used to power the unit using a USB Power Bank.
- Finish – Black Pinpad (silver chassis) with White rear body.
