XLOCK TWO Bluetooth + RFID Mifare Classic + PinPad with Freelocker

- XLOCK ONE is the ultimate all in one solution. It is mounted vertically and features a triangular bolt mechanism.
- It is administered via the XLOCK Phone App and controlled via Bluetooth Low Energy (BLE)
- Can be used for allocated lockers (allocated via card or Phone App).
- Free locker using any card or PinCode to take a locker with an LED indicator
- User booking mode available via Phone App in conjunction with WiFi Gateway connection.
- Best used where a combination of Pin, Phone and Card access is desired.
- Limited data audit log included
- NO SUBSCRIPTION FEES to access or use the XLOCK App

Administration - Phone
