Cairo

The Cairo Gaming Range is defined by its clean, contemporary lines and a distinctively sculpted backrest that balances geometric precision with ergonomic comfort. This range is designed to offer a more "open" seating experience, making it ideal for gaming floors where visual clarity and ease of access are essential. The collection is engineered for extreme durability, featuring a heavy-duty stainless steel base available in both a robust pedestal swivel and a stable 4-leg frame. Finished in professional-grade Mirror Gold or Matt Black, the Cairo stool provides a sleek, alternative for modern gaming lounges that require a high-end feel without the bulk of a traditional casino armchair.
