Nara Folding and Kobe Bases

The Kobe and Nara Folding table base series offer a streamlined, high-performance solution for flexible commercial dining and hospitality environments. The Kobe base provides a sleek, stable foundation with its classic four-star profile, while the Nara Folding base introduces a clever flip-top mechanism, allowing table tops to be tilted vertically for compact, nested storage at the end of a shift. Both ranges are constructed from lightweight yet heavy-duty aluminium and finished in a durable, UV-resistant powder coat, ensuring they remain rust-free and easy to manoeuvre in alfresco settings. Combining functional innovation with commercial-grade durability, the Kobe and Nara Folding collections are the perfect choice for busy venues requiring versatile, space-saving outdoor furniture.
