Luxor

The Luxor Gaming Range is defined by its distinctive Art Deco-inspired aesthetic, featuring a fan-sculpted backrest that brings a sense of high-end theatricality to any gaming floor. The Luxor offers a structured yet open-sided design, providing players with greater freedom of movement without compromising on the plush, ergonomic support required for extended play. Engineered for the most demanding commercial environments, the collection is available in two robust configurations: a heavy-duty pedestal swivel base and a fixed architectural 4-leg frame. Finished in a premium suite of metallic options—including mirror-polished Gold, Stainless Steel, and classic Black—the Luxor range combines sophisticated visual flair with the uncompromising structural integrity necessary for a 24/7 casino setting.
