Manhattan Folding Frame

The Manhattan Folding Table Range is the ultimate solution for dynamic environments that require seamless transitions between active use and compact storage. Engineered with a high-grade steel and aluminium frame, this collection features a precision one-motion folding mechanism and heavy-duty lockable castors for effortless mobility and stability. Available in various widths, including 1200mm and 1500mm, the range is designed to support substantial top loads up to 75kg, making it perfect for training rooms, educational facilities, and flexible corporate workspaces. With its sleek black finish and a design that allows for efficient nesting when not in use, the Manhattan Folding range provides a professional, high-performance foundation for any modern collaborative space.
