Net

Slim, robust and very versatile. Net comes with a perforated design backrest, which adds personality. Another innovative feature is the pull-out hook as an alternative to the hook at ground level. Excellent stackability: 45 chairs can be stacked at a 45 degree angle with the trolley. The series is completed by the stool version and practical accessories such as the magazine basket and the tablet arm. Net is also available with armrests balanced, so that when the chair is upturned on top of the table it rests snugly on the edge.
