Pisa and Paris Bases

The Paris and Pisa Table Bases offer two distinct solutions for commercial dining and interior design, ranging from classical European charm to modern industrial minimalism. The Paris is a staple of timeless bistro design, crafted from heavy-duty cast iron with an ornate, decorative profile that provides a rock-solid foundation for vintage or traditional aesthetics. In contrast, the Pisa series delivers a clean, streamlined silhouette for contemporary interiors, featuring a slim, high-tensile column and a low-profile base that maximizes legroom. Whether specified in the decorative cast iron of the Paris or the professional-grade powder-coated steel of the Pisa, both ranges are engineered for the extreme rigours of high-traffic hospitality environments, ensuring long-term structural integrity regardless of the design direction.
