ION-CLOUD inspired by nature

Bosse

PREVENTION

Bosse ION-Cloud

Bosse

IMPAIRMENTS TO YOUR HEALTH

- Viruses
- Bacteria
- Pollen
- Spores
- Particulates
- Vapour emitted by artificial materials

Bosse

IMPAIRMENTS TO YOUR MIND

- Tiredness
- Nervousness
- Problems with concentration
- Head-aches
- Burn out
- Depression

Bosse

IMPAIRMENTS TO YOUR BODY

- Allergies
- Inflammation
- Muscular tension
- Back pain

Bosse

NATURE'S SOLUTION

Negative ions

Bosse

THE ORIGIN OF NEGATIVE IONS IN NATURE

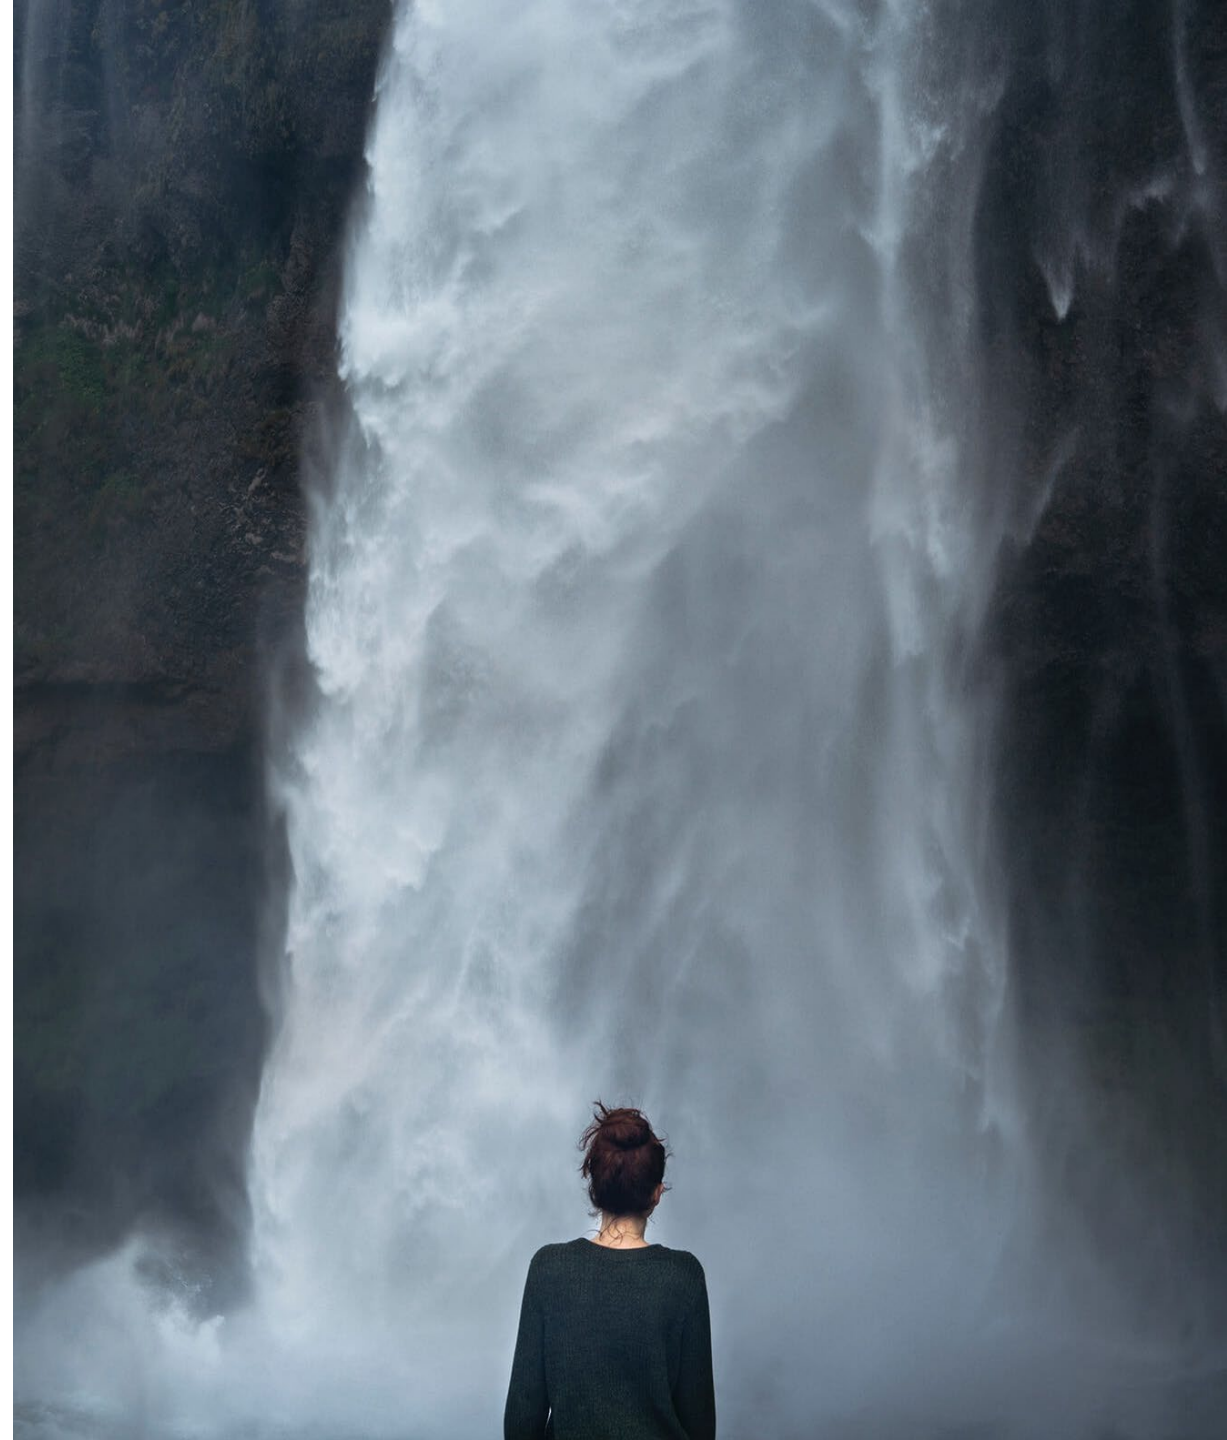

The process of ionisation takes place in nature, for example during a thunder storm. Atoms are excited to the point of spontaneous ejection of electrons.

Bosse

THE ORIGIN OF NEGATIVE IONS IN NATURE

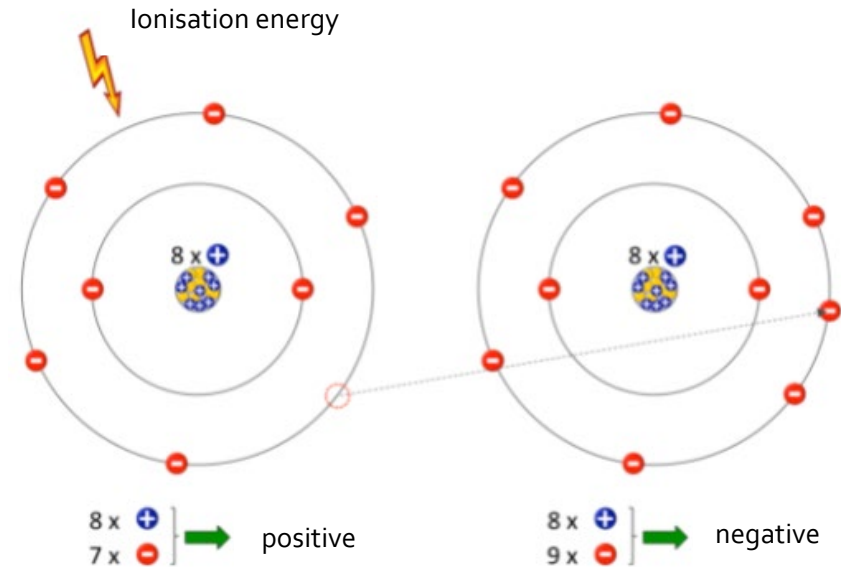

The force of the movement or the impact dislodges electrons from the water molecules; these electrons combine with oxygen molecules, inducing a negative charge in them.

Bosse

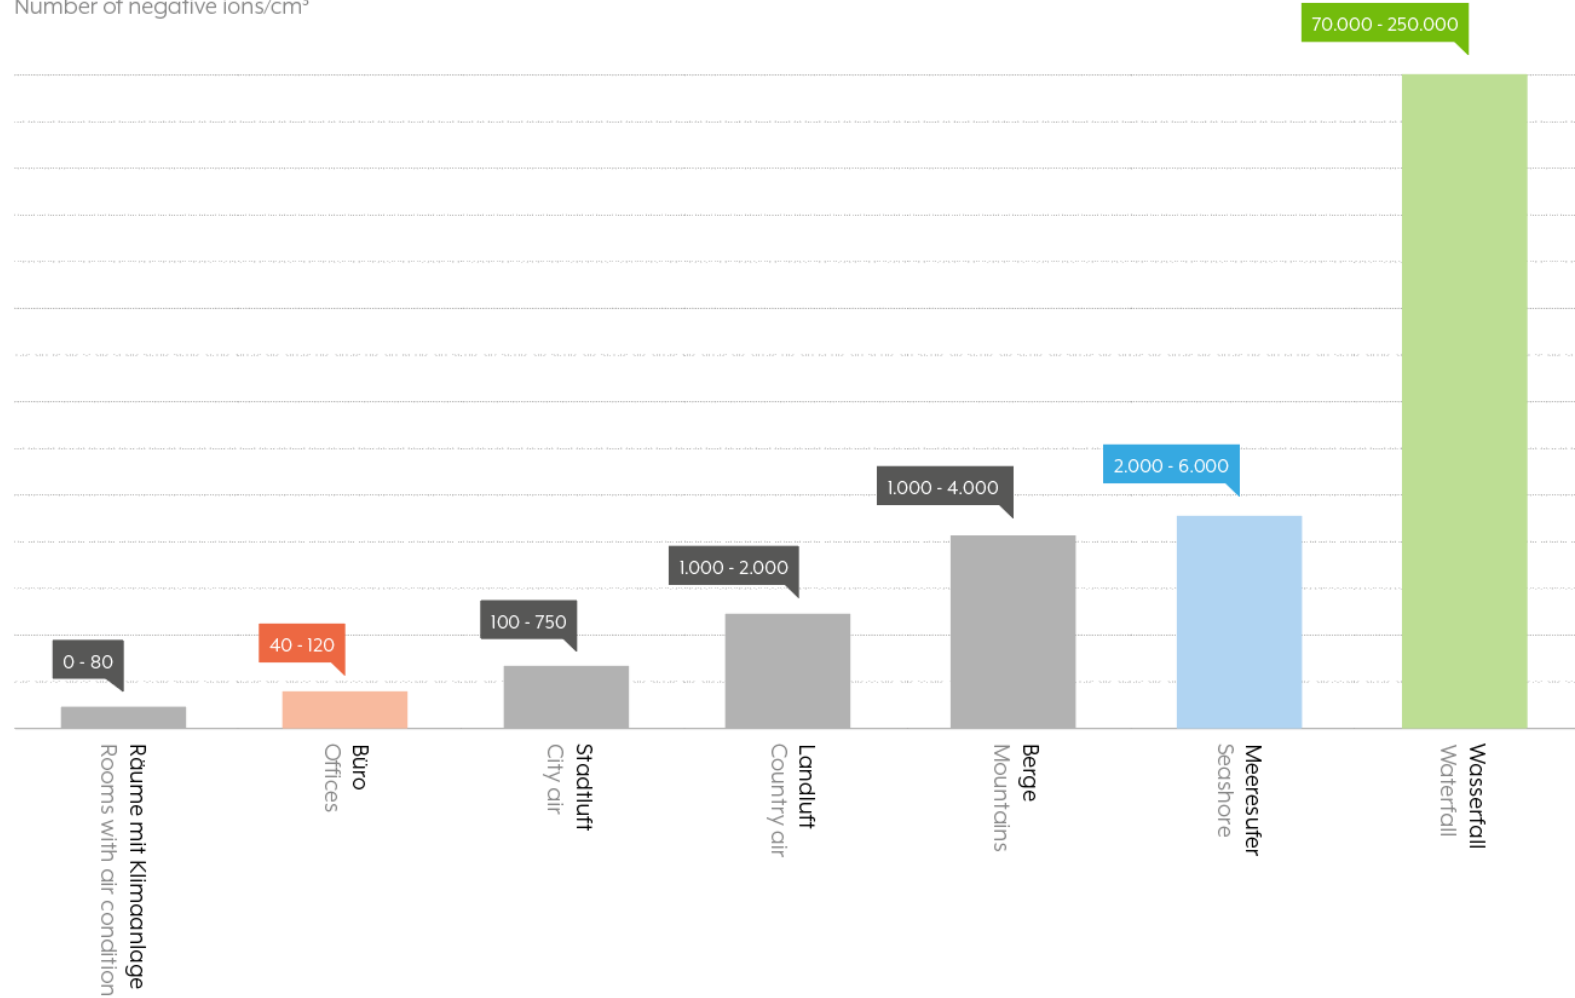

ARTIFICIAL CREATION OF NEGATIVE IONS

Bosse ION-Cloud creates brief discharges (*corona discharges) through the build-up of electrical fields. These discharges release electrons primarily from oxygen atoms and emit the electrons into the air of your room.

THE CONCENTRATION OF NEGATIVE IONS IN YOUR ENVIRONMENT

Anzahl Minus-Ionen/cm³
Number of negative ions/cm³

Bosse

ION-CLOUD

Bosse

THE POWER OF NEGATIVE IONS

- Inactivate viruses
- Neutralise bacteria
- Render pollen, fungus spores, smoke particles and particulates harmless

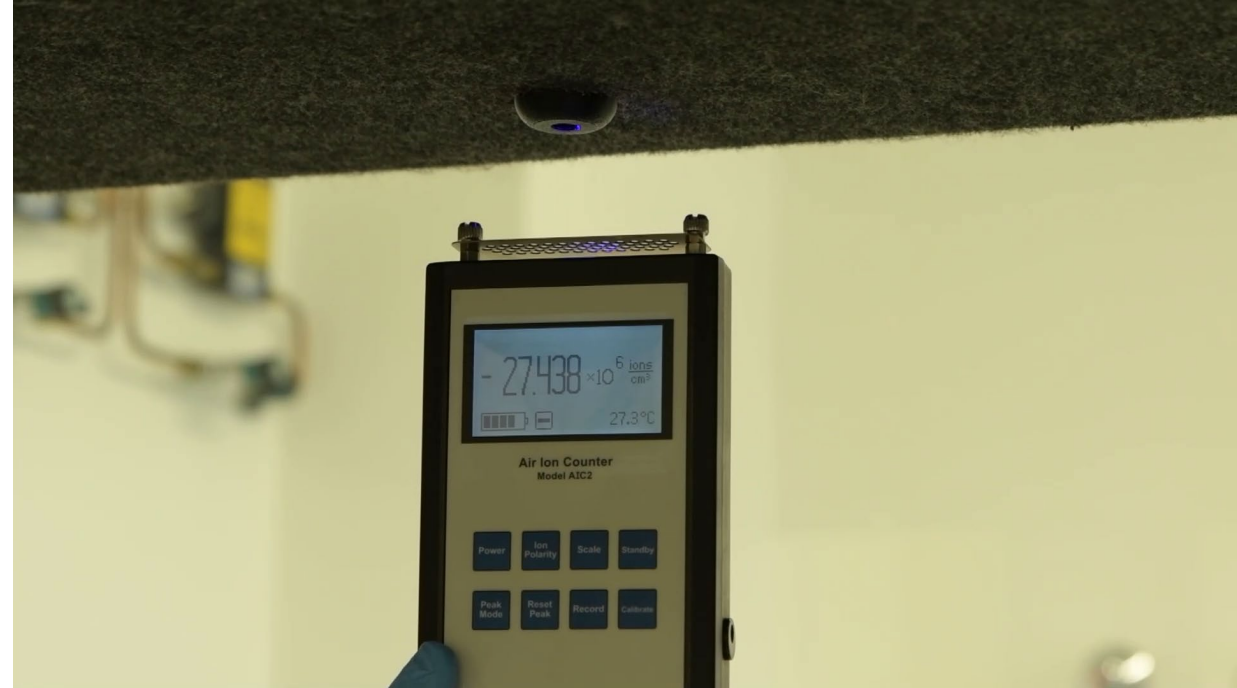

Bosse

SCIENTIFICALLY PROVEN

"The results of our trials were very impressive and exceeded my expectations. All viruses and bacteria were inactivated and neutralised, and the number of pathogens were reduced by up to 95% in the trial runs."

Professor Truyen Ph.D.
Leipzig University

Bosse

SCIENTIFICALLY PROVEN

"The study shows that when the air is treated with the Bosse ION-Cloud just 0.8 - 22 nmol/m³ of hydroxyl radicals are produced."

Dr. Klaus Hoppenheidt
bifa Umweltinstitut GmbH

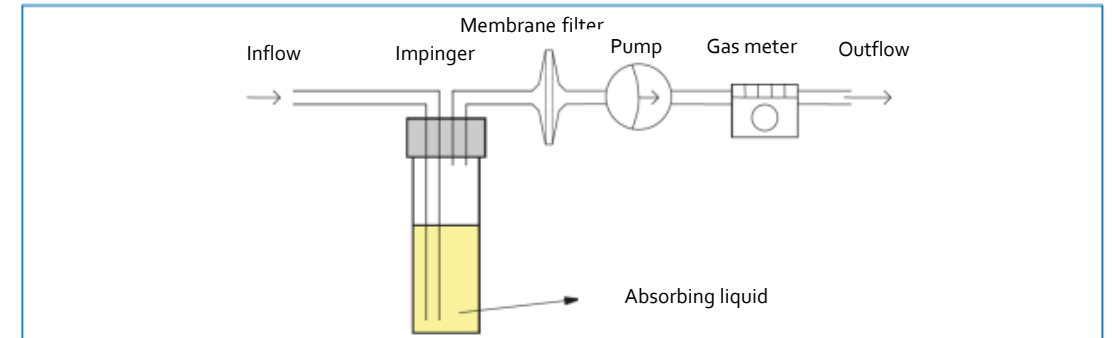

Diagram of the AGI-30 sampling system

Earthed 60 L stainless steel test chamber with linked AGI-30 all-glass impinger.

Open test chamber with integral ionisation head and moisture and temperature sensors.

TESTIMONIALS

"I suffer from hay fever, particularly as a result of the pollen of early blossoming plants such as hazel. Now after using the table-top model of the ION-Cloud for three months of the year when my allergy is at its worst I can definitely confirm my previous statement. Whether in the office or working from home, my symptoms (such as a blocked nose) are significantly reduced if I have the Bosse ION-Cloud on my desk. When I don't use the device at the week-end my nose becomes blocked again and I also sneeze much more frequently. I will start using it also at night from now on."

– Britta B.

"I suffer from allergic asthma and am extremely sensitive to house dust and pollen. Fortunately I had the opportunity to test your device for 14 days at precisely the time when I had the very worst problems - the peak time for pollen. I tested it in my office at work, in my home office and also at home in the evenings. After just one day I felt much better and after 2 - 3 days virtually all my problems had disappeared although they had been really serious this year. As long as I stayed close to the device everything was OK, but as soon as I went outside into the open air the problems returned. I can therefore definitely say that it helps me."

– Nadja R.

Bosse

ION-CLOUD

Effects on people

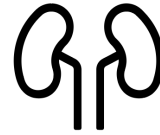

Bosse

HEALTH

- Inactivates viruses
- Neutralises bacteria, fungus and spores
- Strengthens the immune system, increases resistance to illnesses
- Reduces the quantity of carcinogenic hydrocarbons in the air by approximately 75%
- Activates the body's cells
- Increases oxygen intake in the blood
- Improves the metabolic processes

BODY

- Alleviates allergies
- Reduces asthma attacks
- Eases arthritic pain
- Balances out blood pressure
- Alleviates inflammation
- Accelerates recovery from injuries and operations

MIND

- Increases and extends the ability to concentrate
- Boosts cognitive performance
- Helps with depression, improves your mood
- Promotes alpha waves in the brain
- Combats tiredness, headaches and nervousness

SENSE OF WELL-BEING IN THE WORKPLACE

- Facilitates concentration when working
- Protects against viruses and bacteria
- Promotes well-being

The table-top model envelopes you in a protective cloud with an effective orbital range of up to 3 metres.
