ONETWENTY

DESIGN BY IVAR GESTRANIUS & KEVIN LAHTINEN

Onetwenty is a multifunctional and modular product consisting of two basic pieces; a wall segment and a pouf. It's unbelievable what you can do with these two elements. You can create two-seater sofas, three-seater sofas, five-seater meeting spaces or just use it as wall segments for creating secluded privacy areas in lounges, offices and public spaces. These are good hiding places for coat racks or a copy machine. Put in a nice carpet and your grandma's old furniture or make it a play room for kids. Add a table top and you have yourself a nice little private workspace. Onetwenty is available with electricity. You can also purchase some extra goodies, like a 500 mm extension piece for extra height and coat hooks.

Fully upholstered

Available with electric socket in both table top and seats

Please include a drawing indicating how you want the elements to be combined when ordering OneTwenty

Materials used in the product:

Base: Lacquered oak

Frame: Birch veneer and high quality foam upholstered in fabric

Gliders: Injection moulded Polyethylene PE 100

Basic Colours & Finishes:

Base in RAL 9004 (signal black)

Table top in white pigmented or black stained oak. White or black laminate.

We use high quality upholstery fabrics from Kvadrat, Camira, Gabriel and Fidivi
